

CALVINO

Davide Groppi / 2018

CALVINO. Even more precious.

CALVINO is enriched with a new material presence:
a marble base - travertine or Verde Alpi - that enhances
its sculptural strength and architectural character.

The weight of stone is now added to the lightness of light and the mirror.

A subtle balance.

Solids and voids, shadow and light. A circular mirror can be oriented as desired
to illuminate and simultaneously capture the surrounding space.

A minimal gesture that becomes eternal.

CALVINO. Ancora più preziosa.

CALVINO si arricchisce di una nuova presenza materica:
una base in marmo - travertino o verde alpi - che ne esalta
la forza scultorea e il carattere architettonico.

Alla leggerezza della luce e allo specchio, si aggiunge ora la gravità della pietra.

Un equilibrio sottile.

Pieni e vuoti, ombra e luce. Uno specchio circolare può essere orientato a piacimento
per illuminare e nello stesso tempo cogliere lo spazio circostante.

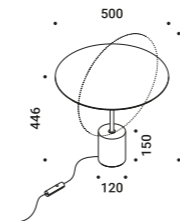

Un gesto minimo che si fa eterno.
